Dear Mr. Markowitsch:

This is in response to your letter of July 30, 1981 requesting our comments on four California Forest Improvement Program (CFIP) applications for Big Salmon Creek in Mendocino County. Your reference numbers for these applications are 81-1-60M through 81-1-63M.

We have reviewed the applications, together with plat maps and project descriptions, and have met with the landowner's agent on-site. Our approval and endorsement of these projects was indicated in our letter of November 13, 1980 to Mr. Fred Imhoff of your office.

Specific recommendations to minimize project impacts on fisheries resources during removal operations are included in the enclosed streambed alteration agreement, Fish and Game Code Section 1603.

If you have any further questions, please contact Weldon Jones, telephone (707) 462-0604.

Sincerely,
